[Verse 1:]

I'm not gonna argue, I'm not gonna start a fight  
I just wanna make everything according to my mind  
You can try like you want to but you're not gonna  
succeed  
Cause what you really want, babe, is what you really  
need  
But I can tell you right now, you're not gonna get far  
You think it's what you want to be, but you already are

[Chorus:]

You can try, you can cry, you can kneel, you can heel  
But you won't get far, girl, you're not the main star  
You can beg, you can moan, break your cellular phone  
But you're just gonna sit at home alone  
You can punch, you can kick, no you're just gonna sit  
You can take a break, cause you know you're just fake

You can beg, you can moan, break your cellular phone  
But you're just gonna sit at home alone now

[Verse 2:]

This is not where it ends, but it's not where it begins  
So stop with all the jokes, and stop with all the grins  
We know that it's not right, but we do it anyway  
We like to be satisfied, we like to have our way  
So pick up all the pieces, and fix your cell phone  
You can call me all you want, but you'll sit at home  
alone

[Chorus]

I can tell you right now, you're not gonna get far  
You think it's what you want to be, but you already are
