Tomorrow, oh baby there's another day
Oh you're dying for nothing
Tomorrow, love does always find a way
You are dying for nothing
Oh this old town aint big enough
Baby big enough for both of us
Baby, why is love a sacrifice to you
Refrain:
Oh, I don't wanna say that
I don't wanna say goodbye- (I can't live this lie girl)
I don't wanna say that
I don't wanna see you cry- (Cant live this lie girl)

If your heart is a weak, oh it hurts so bad
If your heart can speak, yeah it feels so sad, tonight
Tomorrow, babe is such a long, long time
Oh you're dying for nothing
Tomorrow, but Im sure your sun will shine
Oh you're dying for nothing
Oh what kind of fool I am
To let you go, again, again
Hear my heart is beating just for you
Refrain
