I'll give you time and I wont mind
I feel so tired from all the thoughts running through my
head
I'll stay inside and wait it out cause I haven't felt
This way before It's gone straight to the soul
But It's all in my head

I've been here far too long waiting for the news, for the
news
And you've played me like a fool now it's time to
choose, who's gonna loose?

I'll comb my hair and brush you out like I couldn't care
Cause I feel taller, the old me would take the fall
You've had some time to find yourself
To find the truth, you lost yourself

I've been here far too long waiting for the news, for the
news
And you've played me like a fool now it's time to
choose, who's gonna loose?

You've had some time to find yourself
To find the truth, you lost yourself

I've been here far too long waiting for the news, for the
news
And you've played me like a fool now it's time to
choose, who's gonna loose?
