She lights a candle, but she doesn't know why
She wants to save me, but I'm barely alive
My soul is thirsty; I just wanna get high
Make her go away...

Now I'm hittin' the wall, and she begs me to quit
And she drags me to church, but I'm scared to
commit
And I'm losing my mind, 'cause she hides all my shit
She won't go away...
And all I ask of her is...

Pray for me
'cause I don't want to
Pray for me
If you love me,
cross your heart and hope that
I won't die before the
Best day of my life
Just pray for me tonight

I drug myself out of the bed that she made
And I escape her in a black motorcade
She's pushin' bibles and a clean bill of health
I can't make her go away...

Now I'm hittin' the wall, and she begs me to quit
And she drags me to church, but I'm scared to
commit
And I'm losing my mind, 'cause she hides all my shit
She won't go away...
And all I ask of her is

Pray for me
'cause I don't want to
Pray for me
If you love me
cross your heart and hope that
I won't die before the
Best day of my life
Just pray for me tonight
Now I'm hittin' the wall, and she begs me to quit

And she drags me to church, but Iâ€™m scared to
commit
And Iâ€™m losing my mind, â€™cause she hides all my shit
And all I ask of her is

Pray for me
I donâ€™t want to
Pray for me
If you love me
cross your heart and hope
that I donâ€™t die before the
Best day of my life
pray for me tonight

Pray for me
(Pray for me tonight)
Pray for me
(Pray for me tonight)
Pray for me
(Pray for me tonight)
Pray for me
(Pray for me tonight)
