My heart beats fast as i try to forget
What's hiding in my head
Will it ever change, or will it end?
Some days i can't pretend

Everything will be just fine
Take one step at a time
It's like a scar that cannot heal
Think i can touch but i can't feel

No one bothers to ask what's wrong
Maybe they don't care at all
If there are no bruises, then i can't be hurt?
Can i die with open eyes?

Everything will...

Are you ready, are you ready
It's come the time to get up and go
Are you ready, are you ready
It's come the time to get up and go

Where have i been, what have i become?
I don't like the person i am
There will come a time when you have to choose
What have you got to lose?

Everything will...

Are you ready, are you ready
It's come the time to get up and go
Are you ready, are you ready
It's come the time to get up and go
