Aah..Aah..  
Aah..Aah..

When the dial tones are buzzing  
My heart starts pumping, hold on, hold on

When I hear the phone ringing  
Just waiting for your voice to come on, come on

But when the line is busy  
And my ear gets so hot

I can't situate but  
But the waiting is not

You say you put me through  
But you keep me holding on

For so long, so long  
And I say, ooh, ooh, ooh, ooh

I'm on hold for you  
(I hear that music playing)

I keep pushing number one and two  
(still that music playing)

Operator just put me through  
(I hear that music)

For an hour or two on hold 4 you

I'm on hold for you  
(I hear that music playing)

I keep pushing number one and two  
(still that music playing)

Operator just put me through  
(I hear that music)

For an hour or two on hold 4 you

Ooh, ooh, ooh,  
ooh, ooh, ooh,  
ooh, ooh

ooh, ooh, ooh,  
ooh, ooh, ooh,  
ooh, ooh, ooh

Ooh, ooh, ooh,  
ooh, ooh, ooh,  
ooh, ooh  
For an hour or two on hold 4 you

I'm on hold 4 you  
(I hear that music playing)

I keep pushing number one and two  
(still that music playing)

Operator just put me through  
(I hear that music)

For an hour or two on hold 4 you

I'm on hold for you  
(I hear that music playing)

I keep pushing number one and two  
(still that music playing)

Operator just put me through  
(I hear that music)

For an hour or two on hold 4 you

Aah...Aah...  
Aah...Aah...
