### "Making People Normal"

Visit "[Making People Normal](#)" on MotoLyrics.com

Mummy was a model back in 1983  
Before the skinny girls invaded the industry  
She got a habit got some plastic much too young  
She wants dustin hoffman but she's not much on mrs.  
robinson

You're looking good for your age  
Looks like you've stepped off the page  
Thanks ricki, thank you jenny  
You made me normal today

Daddy's such a scruff in his played out teenage gear  
Hasn't cut his hair and the shampoo's never near  
Now can you make him look like other's people dad  
Will you please help me  
'cos it makes my life oh so bad

I don't look the correct way  
Please help make me normal today  
I don't look the correct way  
Please help make me normal today

Thank you ricki, thank you jenny
