Hey popstar you look real silly
I want to kill you now (kill, kill, kill)
Hey popstar you're such a fake
You really look a joke (joke, joke, joke)
Hey popstar I hate your guts
You don't deserve to live (die, die, die)
Hey popstar get out my face
I hate the sight of you (hate, hate, hate)

One day you'll realise
That you're not that great
The people they hate you
They think you're a fake

Hey popstar look at yourself
You are a fuckin state (fuck, fuck, fuck)
Hey popstar look at yourself
Oh why can't you just wait (wait, wait, wait)

I am me
You're not you
I like me
You love you
I am real
You're not true
I hate you too

Hey popstar your time has come
Now we know who you are (who, who, who)
Hey popstar give up the fight
You're looking like a fool (fool, fool, fool)
Hey popstar you're just pretend
The kids won't be deceived (no, no, no)
Hey popstar you're killing me
We just want the truth (truth, truth, truth)
