Oh oh I got that feeling again
Ever since I first laid eyes on him
Now my head's up in the clouds
My feet don't touch the ground
When he's around
And he doesn't even know it just

I'm a little bit shy this time
I'm a little bit nervous
I got butterfly's so swirling inside
I'm a little bit shy this time
Knowing there's chance he could be mine

So what else can I do
My knees get weak
And I can't even speak at all
What if he sees me too,
I'd blush and run away
What does that say
Will he figure out truth

I'm a little bit shy this time
I'm a little bit nervous
I got butterfly's in circles inside
I'm a little bit shy this time,
I'm a little bit nervous
Even though it seems to feel alright

I'll ask cupid to play on my team, in my dream
Do me a favour, and aim another arrow at him
With a note attached in my name
It's a silly game...

But I i I'm little bit shy this
I'm a little bit nervous
Butterfly's

I'm a little bit shy this time
I'm a little bit nervous
I got butterfly's so swirling inside
I'm a little bit shy this time

I'm a little bit nervous
Even though it seems to feel alright
