Hands up who wants to die!

Have you heard how Sonny's burning  
Like some bright erotic star?  
And he lights up the proceedings  
And raises the temperature.  
Flame on! flame on!

Someday I'll cut him down yeah uh  
Now I've seen to Sonny's burning  
Yeah someday I think I'll cut him down  
But it can get so co-cold in here  
And he gives off such an evil heat.  
Flame on! flame on!  
Hai-hai hail my incubatic incubator.

Now pay witness to Sonny's burning  
Warming the damp and rotten seed  
Warming the damp and rotten seed  
That blooms into the DEMON FLOWER  
Now both fire and flowers consume me.  
Flame on! flame on!

Evil heat is running through me (through me)  
Flame on! now flame on!  
Evil heat is running through me uh! uh!  
Sonny's burning pits into me  
Flame on! yeah flame on!  
Sonny's burning holes into me  
Don't interrupt! don't interrupt!  
Flame on! flame on!  
Through me yeah through me  
Don't interrupt! flame on!  
Flame on! flame on!
