Got no gaps in yr teeth? you must be happy.
Cola bottles, sugar coated.
We've had sugar to eat, don't try and stop me.
Flying saucers filled with sherbet.
We want the right to eat sweets without yr frowning.
Don't tell us what we can't do now.
And we see the powers that be in sugar, drowning.
Ten pee mixture for the way home.

This is an advertisement
Hey! make way for the sweet shop avengerz.
So make the sweet adjustment
A-okay! we're the sweet shop avengerz.

Never too old to eat sweets, unless you feel it.
Chocolate mice with strawberry centre.
Reclaim the rights to rot teeth, you know you need it.
Candy shrimps, they're foamy inside.
It's not a crime to be seen sucking a lolly.
Vampire sweets that stick to your teeth.
And it's hardly obscene to fill yr trolley.
Ten pee mixture for the way home.

This is an advertisement...etc.

Kneejerk! it's a sugar fascination
Kneejerk! that infects the teen-c nation
Kneejerk! but we love the sweet sensation
Kneejerk! as it rots the population!
