I'm walking through the wood  
And I'm barefoot  
Looking for my little brother  
Before he finds me

Don't make a sound  
Don't even sneeze  
I think I hear my little brother  
Coming for me

Can you hear him?  
Creeping through the weeds  
I think my little brother just found me  
Tomorrow he leaves for Tennessee  
My little brother kinda looks like me  
He's got blue eyes  
And bright white teeth  
And he's 6.2  
With size 12 feet  
He's human...

The hunt is over when I found my...  
The hunt is over when I found my...  
The hunt is over when I found my...  
My little brother...  
My little brother...  
The hunt is over when I found my...  
The hunt is over when I found my...  
The hunt is over when I found my...  
My little brother...

My little brother...

I'm hunting him  
Just like it's a game  
And he's hunting me  
Exactly the same  
I hint to myself  
"Are you afraid?"  
I answer "No"  
But I am lying  
He's getting closer

But so am I  
He's getting closer  
Who will die?  
It's almost time  
For the last breath  
It's him and I  
'Till it's no one left

(The hunt is almost over)  
The hunt is over when I found my...  
The hunt is over when I found my...  
The hunt is over when I found my...  
My little brother...  
My little brother...

The hunt is over when I found my...  
The hunt is over when I found my...  
The hunt is over when I found my...  
My little brother...  
My little brother...
