Don't matter what you do,
Long as your heart is true,
Just give your love and it will all come back to you.

My mama said,
When I was a child,
There's one rule,
You must always mind.

A cold heart,
Can't be satisfied,
But if you give you will get richer all the time

So baby listen now,
Whatever goes around,
Will always come around.

Don't matter what you do,
Long as your heart is true,
Just give your love and it will all come back to you.

I don't know,
So don't ask me why,
That big sun doesn't always shine.

It's no big thing,
It's just how it is,
You can't forget it if you just remember this

'Cause baby listen now,
Whatever goes around will always come around.

Don't matter what you do,
Long as your heart is true,
Just give your love and it will all come back to you.

(It will all come back to you)
And every little smile, (It will all come back to you)
The joy in someone's eye (It will all come back to you)

So give it freely,
When you do,

It will all come back to you.

Come back,
Come back,
It'll all come back to you.

Come back,
Come back,
It'll all come back to you.

Come back,
Come back,
It will all come back to you.

Come back, Come back,
Come back, Come back,
Come back, Come back,

So baby listen now,
Whatever goes around,
Will always come around.

Don't matter what you do,
Long as your heart is true,
Just give your love and it will all come back to you.
