These are the best days, these are the best days,
These are the best days, these are the best days of our
lives.
Time keeps changing everything, it's changing you and
me,
It's moving all around us, keeps moving endlessly.
But nothing's ever gonna change the way I feel inside,
The memory is always gonna be alive, when I
remember...

These are the best days - I remember love,
These are the best days, I remember how you always
gave it all you've got,
These are the best days of our lives.
I remember all the good and bad times, the happy and
the sad times,
And how you taught me to remember these are the
best days of our lives.

I will walk beside you, when I hold your hand,
When I'm not sure what to do, you simply understand.
No matter where my life may lead, no matter where I
go,
The memory will still be there for me to hold, when I
remember...

Chorus

These are the best days, these are the best days,
These are the best days, these are the best days of our
lives.
Time is changing everything, it's changing you and
me,
But nothing's ever gonna take that away from me,
when I remember...

Chorus

I remember, these are the best days, I remember love,
These are the best days, I remember love, love, love.
