Look to the right there's a terrible sight
There's a storm that's preparing to land
Never despair for a price I'll be there
I'm your automatic dangerman
Peer in my eyes & you'll see that I'm wise to
The role that I play,
Reach for the sky I will never say why
I die for my pay
Don't try see, this isn't new to me,
Don't try to say that you'd do the same,
All for the show, it's the only life I know,
STUNTMAN!

When Hollywood calls I get paid for my falls
In the life that I lead
Stars in their cars while I carry the scars,
I cry, & I bleed,
Don't try to say, this is no game I play,
Don't try to touch me I'm wild,
All for the show, it's the only life I know,
STUNTMAN!

CHORUS

I'm living, I'm living on the edge,
I dice with my life,
I'm living, on the edge...
I'm a flyer, I'm a spaceman, I'm a sailor, I'm a clown,
But you never see me frown, It doesn't bring me down,
I'm the only guy in town, who never makes a sound,
... DON'T TOUCH ME!
CHORUS...
"LIGHTS, CAMERA, ACTION!... JUMP!"
