Make my eyes, mothers weep.  
All I see, is music to me.  
Oh my love, love, love, love.

Talk to god, on the phone  
Born to him, I'm not alone.  
Please daddy, take me home.

(Talk to god, )

Please daddy, take me home.  
Please daddy, talk to god.  
Please daddy, take me home.  
Please daddy talk to God.

Hey daddy, hey daddy, I'm okay.  
Livin' my love in a serious way.  
Oh, hey daddy, hey daddy, it's too soon.  
I am living on the moon.

Hey daddy, hey daddy, I'm okay.  
Livin' my love in a serious way.  
Oh, hey daddy, hey daddy, it's too soon.  
I am living on the moon.

Make my eyes, mothers weep  
All I see, is music to me.  
Oh my love, love, love, love.

Talk to god, on the phone.  
Born to him, I'm not alone.  
Hey daddy, take me home.

(Talk to god, )

Hey daddy, hey daddy, I'm okay.  
Livin' my love in a serious way.  
Oh, hey daddy, hey daddy, it's too soon.  
I am living on the moon.
