# "Down To Earth"

Visit "[Down To Earth](#)" on [MotoLyrics.com](http://MotoLyrics.com)

(Hook)

Ayo take a bow, kiss the sky  
Lifting money, lit as a kite  
Iâ€™m living my life and never missing a flight  
Man Iâ€™m tryna stay down to earth but them boys too  
high  
They too high  
Too high, look man they too high  
They too high, they too high  
Yea Iâ€™m tryna stay down to earth but them boys too  
high

(Verse)

Yea uh, hey kid walk straight, maps to my heart, state  
of livin  
Sober down my brain, get to trippin  
On a plane, no luggage at all  
4-20 flights, after that Iâ€™m out for the night  
I light it hit with no pass, nuts got a nigga crash  
Black and blue motherfucker, blues brother go fast  
7 grams, no bad kush, promo swag  
Fine told me for the back grew up blowing the stash  
As for the blendo, endo, pretendo  
Sho nuff Leroy Green watched the pen glow  
Last dragon, my suicide info  
Smoking but I shut the window

(Verse)

Man get talkin to yo brain, get swollen and takin flight  
I got no weed left but you could bet Iâ€™m alright  
All night up in the dressin to this level of life  
Close my eyes when Iâ€™m tryna find what heaven is like  
I keep my own vision of the sky limit livin mended  
I ainâ€™t gotta smoke trees to speak bluntly  
Swisha sweet in front me  
Wanted when them old spirits haunt me  
I donâ€™t even seen the lyrics, I just hum it  
Country in my stomach when no butterflies layin low  
City stay with me but Iâ€™d rather let my mans go  
Lost tranquility, I sit and lit a candle  
My feet stay planted so you shouldnâ€™t have to ask

what I stand for

(Hook)

Ayo take a bow, kiss the sky  
Lifting money, lit as a kite  
Iâ€™m living my life and never missing a flight  
Man Iâ€™m tryna stay down to earth but them boys too  
high  
They too high  
They too high, man they too high  
They too high, they too high  
Yea Iâ€™m tryna stay down to earth but them boys too  
high

(Verse)

Elevated 365 with the skyline bright  
Most of yall just only fly by night  
Those longevity know to bring me heat to yo box, rock  
steadily  
All across the globe, rip shows, compose melodies  
And say the flowâ€™s heavenly  
No point if they say they hot  
Itâ€™s the perception I give you with the scots  
And if the move is illucrative then you coulda slide  
See I gotta this loot to survive  
I stay true to the rhyme as a reflection of self  
The music and the essence of my presence is felt  
Like rough turbulence, aliens known as definite mass  
like turned services so  
Peak the servant in the word I give

(Verse)

I know Iâ€™m wrong, how I live before the victims seeing  
Look for ways to leave the hood as they boxin me in  
Nowadays many gone names blow in the wind  
And build me up just to feel them a teach of the wind  
Place some people in the system to control with the  
spin  
Bust some cats like me to have to hustle for ends  
I can count too many times I was stuck in the airplace  
I never shouldâ€™ve made it alive  
Now I think of how the good dying cowards survive  
Lost some homies so itâ€™s tears in my eyes  
Can you hear from the sky? Peace God, please send a  
reply  
For the vibe and now Iâ€™m feeling a rise

(Hook)

Ayo take a bow, kiss the sky  
Lifting money, lit as a kite  
Iâ€™m living my life and never missing a flight

Man Iâ€™m tryna stay down to earth but them boys too  
high  
They too high  
They too high,  
Too high
