Wake all the neighbours, it's gonna get loud

Pop all the breakers, were gonna freak out

You better look out (better look out)

This is bigger than big time, its better than best

We'll break every record, we'll make a mess

Bigger than the rest (bigger than the rest)

Chorus;

The flame is burning, and it's getting hot

It's time to show just what

you've got

Ohhhh Whoaa

Let's have a party,

Let's go whoa, let's get it started

Wake it up, you know this time we'll get it right

Tonight, Ohh whoa

Let's have a party, let it go whoa

Get out of your body, shake it up

And let your inhibitions fly

Let's have a party

Now that we're friendly, you can let down your guard

You've been rocking it gently, and

that's a nice start

Now take it off the charts (take it off the charts)

Now that we're moving, let's pick up the beat

Turn up the volume, turn up the heat

It's everything in me

Chorus;

Party!! (Party!!)

Suave! (Suave!)

Do the moment, celebrate!

Party!! (Party!!)

Suave! (Suave!)

Ohhh whoa, let's go whoa

Yeahhhh!

Chorus; (x2)

Let's have a Party
