i thought i had it all together
but i was led astray
the day you walked away
you were the clock
that was ticking in my heart
changed my state of mind
when love's so hard to find
your feelings changed like the weather
went from clear to grey
on that cloudy day
how can i go on
without falling apart
love's so hard to find
when someone's on your mind
listen baby
your wish is my command
baby won't you understand
that your wish is my command
what can i do to make my baby understand
something tells me that i'm dreaming
i can see us there
waving unaware
of problems that have a tendency to keep

keep the truth confined
far from our minds
you need someone you can believe in
this i do declare
trust me i'll be there
the road that leads to heaven can be so steep
i will help you climb
change your state of mind
Follow me into, into my sleep
Baby I'm yours, I'm yours to keep
you've got the magic that entered my hearth and my
mind
listen baby
your wish is my command
baby won't you understand
that your wish is my command
what can i do to make my baby understand
your wish is my command

baby won't you understand
that your wish is my command
(i can see us there
waving unaware
this i do declare
trust me i'll be there) x 3
