Chorus

Gotta get out of here
You can't take away my sunshine
Gotta get out of here
You can't take away my sunshine
Gotta get out of here
You can't take away my sunshine
Get out of here
Can't take away my sunshine

Verse I

Lordy knows why I'm here
Yea I'm stuck in the middle of crazy
Trying to get out of first gear
Held down by the people that raised me
Oh God! I'm begging you please
Bowed head, hands together, down on my knees
No answer, He wasn't there
Must be too damn busy
Or he just don't care

(Repeat Chorus)

Verse II

News flash: More People Dead
Doesn't seem like anybody cares
It's a shame nobody sad
I guess you don't feel unless you're there
Oh no, the man's got me down
Like big black clouds forming all over town
Open your soul and let the light flood in, yea
Quit with the hate is where we should begin

(Repeat Chorus)

Verse III

Standing on the stage alone
Doesn't seem like I don't even hear
Sing into the microphone
Inside I'm welling up with fear
Big chill runs down from my spine
As a man from the bar yells out his hate line

HIT ? In the chorus and the second verse
I'm a lyrical wizard, cast a spell and a curse

(Repeat Chorus)
