Verse I

Well I love the way she sucks on my beer bottle
She's only got one speed and let me tell you its full
throttle, yea
Her favorite saying is no ones better than me
Well I put her to the test, if you know what I mean

Chorus

She likes to drink
She likes to drive
And when the music starts
Her hips start to jive

And if you piss her off she can get real mean
She ain't a bitch I say
She's my drinking queen

Verse II

Well you can always tell she's the one I'm talking about
Cause all ya'll break your necks as I'm escorting her out
She don't give a damn about money or cars
But she'll be nice to you until you pay the cover charge

(Repeat Chorus)
