Someone told me that you are gone now  
You took off to the other side  
It's no one's fault no  
You just made up your mind

How can I believe something like that?  
How can I believe it's true?  
I don't believe in much  
But I believe in you

If you're still alive  
If you still haven't closed your eyes  
If you're still rambling  
Around at night

Then I'll be waiting here for you  
I hope you know that I always loved you  
Even though it's something I never said  
Well, hope is all I've got, hope that you're not dead
