

Carlos Jean "Black Star"

Visit "[Black Star](#)" on MotoLyrics.com

No matter where you go, there's always something
missing
And if you don't really know what it's or where to find it
But once you do,
Become a Black Star,
Once you do this there is not way back
Become a monster,
So keep dancing
Become a Black Star,
Become a monster,
In the dark of the night
Where the kids go out and hide
There's chance of getting dirty if you don't know who
you are
Grasp a hi, get a smile
Winking dirty thoughts to guys
There's a reason why your parents didn't let you out at
night
Overdose the way you dance, let go yourself and be
the night
Just lose control, do what you want, the world is yours,
and so am I
Become a Black Star, Become again
Become a monster, that scares
Become a Black Star, Become again
Become a monster, that scares
Become a Black Star,
Uh! I love it! I, I can't control myself
Become a monster
Uh! I love it! I, I want it everywhere
Become a Black Star,
Uh! I love it! all I wanna do is just, dance, dance, dance
with you
Become a monster
She's got a brightness and She's got a dark,
She's got a heaven lost in her hell,
She's got a magnet attracting all eyes,
She's like a black hole but gives back a star.
Become a Black Star,
Yeah!
Become a monster,
You know I am out of control

Become a
But still I've got a Plan B
Well, well, well,
Looking good, but not for sale
I'm outta control, feeling so mad
Like I'm gonna go and cut my hair, cut my hair?
Yeah, you heard it well, cause you know? When I am in
the club
Ladies just touch it but later they hide and
When I turn around I don't know who it was
Become a Black Star, Become again
Become a monster, that scares
Become a Black Star, Become again
Uh! I love it!
Become a monster, that scares
Uh! I love it!
She's got a brightness and She's got the dark,
She's got a heaven lost in her hell,
She has to worry, She has to have fun,
She's got a secret never revealed.
She's got a mask, she's got a soul,
She's got a shadow, she's got the world,
She's got an armor, she wants to go, go far.
Become a Black Star, Become again
Become a monster, that scares
Become a Black Star, Become again
Uh! I love it!
Become a monster, that scares
Uh! I love it!
I'm gonna be fire
Empire of desire
I'm gonna tie her
And tie her all night
I'm gonna get higher
With beautiful dreams on fire
I'm gonna be the father
Of all the traveling dancers...
Uh! I love it! I, I can't control myself
Become a monster
Uh! I love it! I, I want it everywhere
Become a Black Star,
Uh! I love it! all I wanna do is just, dance, dance, dance
with you
Become a monster
Become a Black Star, Become again
Become a monster, that scares
Become a Black Star, Become again
Uh! I love it!
Become a monster, that scares
With you and you and you and hell, you too,
And that guy over there, he's also very cute, you too,

and, well, I think pretty much everybody
