Remember the days
when it was safe to dream awake
We designed a land
where every child would like to stay
With no fear of heights
we climbed up the tallest tree,
with a better view
We have the power to control
the rules of a place we've been only looking for
It's up to us to build a new world
We need to be this world...
So come on, don't be scared, we are taking off

Coz without love we'll never be the same eh eh, (never be the same)
Coz without hope we'll never be strong oh oh... (will never be strong)
You need to fight for life for saving your soul
You need to fight for life for saving your soul

Take this first step
to change the colors someone set
draw your own lines
While there's hope, there's Loveee
We need to be this world...
We have the power to control
We need to be this world...
So come on, don't be scared, we are taking off
Coz without love we'll never be the same eh eh, (never be the same)
Coz without hope we'll never be strong oh oh... (will never be strong)
You need to fight for life for saving your soul
You need to fight for life for saving your soul
You need to fight for life, You need to fight for life
the rules of a place we've been only looking for
It's up to us to build a new (world)
