It's time to get up
Time to get dressed
To paint my eyes black, pain in my back
In my arms, in my empty head
I don't wanna hear that noise
That noise, that noise, that noise

It's time for my electric clock
Time to knock, to shock, to rock
I don't wanna hear that noise
That noise will be my voice
In every phone, sounding unison

I made my choice
I made my choice
I made my choice

And for me tonight
Just tonight
Full of seconds, minutes and hours
I'll build hundreds of towers
To destroy, to destroy

I'm on the borderline
Keeping the shadows as my friends
I'll turn the world and give it real sense
We'll no longer collect the rain water
'Cause sooner or later

You'll fall into your own self

And for me tonight
Just tonight
And for me tonight
Just tonight
And for me tonight
Full of seconds, minutes and hours

And for me tonight
Just tonight
And for me tonight

Just tonight
And for me tonight
Full of seconds, minutes and hours

Now that I discovered
Now I have to realize
Now that I discovered
Now I have to realize
Now I have to realize
Now I have to realize

Now that I discovered
Now I have to realize
Now that I discovered
Now I have to realize
Now I have to realize
Now I have to realize
