Good morning guys and girls,
here we are once again trying to figure out the secret
of his mysterius person that we have all come to know.
But today is the most important day of my life,
because today we have with us the person who has the
salvation of the world in his hands (Salvation of the
World in his hands)

I wanna have a nice day.
You lose the time with me baby.
I'm going my way.
And have a nice day.

When I say I am no more, to good or evil,
none, they always ask the same: you must choose one
of both. People's life is,
and I'm going my way, really nice,
Come on! (Salvation of the world in his hands).

You lose the time with me baby.
I have to look after myself.
I hope you have a nice day.
I'm going my way.

While I walked so high, immersed in my mind,
I met someone, with a gun still hot.
I saw his head under my boots, what you want me to
do? Come on now this,

You lose the time with me baby.
I have to look after myself.
I hope you have a nice day.
And have a nice day.

(Salvation of the World in his hands) x2

While I walked so high, suddenly I realized I'm feeling
like, a superheroe star. I'll save the World,
just with my truth, what you want me to do?

You lose the time with me baby.

I have to look after myself.
I hope you have a nice day.
I'm going my way.
