Nobody cares about your real name  
So keep on standing next to  
The spot light in vain

So keep on pretending that your life  
Is what you want it to be  
And keep scraping what you  
Wouldn't wanna miss

You have to live closer  
You have to look younger  
You have to go faster  
But what a disaster

You're desperate, it's strange  
But it's real  
La, la, la, la, la, la,  
You can't stand still  
But somehow in the end you will  
La, la, la, la, la, la,  
You couldn't believe your life  
Will come to this  
La, la, la, la, la, la,

Just lies  
Just to realize lies

La, la, la, la, la,  
La, la, la, la, la,  
La, la, la,

You have to live closer  
You have to look younger  
You have to go faster  
But what a disaster

And after a day, and after a week, and after a year,  
You gonna see  
And after a day, and after a week  
You'll tell me what you wanna be,

And after a day, and after a week, and after a year  
You gonna see  
And after a day, and after a week  
You'll tell me what you wanna be,

La, la, la, la, la,  
La, la, la, la, la,  
La, la, la,
