Out from your beautiful mouth it came
The weight of the world
In five mangy words
"I'm heading tomorrow from here"

In one shuffling step
Instantly all that was left
Was a song, this one

Ohh, and it hurts already
You know we hate to see you go
I'll be wherever you are

Darling, could you hold me
As close to your heart?
As the open road
I'll be wherever you are

Harbor lights
Barely punctured the dark
And I swear all the stars
Turned themselves off

Just tie me to
The well wishes sent
That sail in my head

Change is good
Darling, good luck with that
I'm so full of it

'Cause it's starting to hurt already
You know we'll never let this go
I'll be wherever you are
This ain't love

No worries
I'm betting on
I'm betting on the low
I'll be wherever you are

'Cause it's starting to hurt already

You know we'll never let this go
I'll be wherever you are
This ain't love

No worries
I'm betting on
I'm betting on the low
I'll be wherever you are
