Piece of work
In an ocean of intention
Oh, so good
Slightly out of tune

I'm the woods
High and mighty
No direction
Scared of nothing
But all the words I choose

Well, it's all on me now
We'll never end
'Cause we haven't even started yet

How do you hide
Your heart?
Why would you hide
Your heart?

Well, that's a start
Gonna find somewhere to hold you
Lessons lost
I ditched them in the snow

I'll be here
Forgiving not forgetting
Yes, I will hold you
I will hold you in my bones

Well, it's all on me now
We'll never end
'Cause we haven't even started yet

How do you hide
Your heart?
Why would you hide
Your heart?
