Oh, Mariana I've been searching for you.
May your blue eyes hide everything I do?
Oh, Mariana wont you wash me away?
The truth is I'm a lie and I can't stay.

Lead me down in crashing lights.
This is where I am tonight.
Find me face up in everything I am.
Watch the oceans as they fall, they follow me so well.
(So well)

Oh, Mariana I've been searching for you.
May your blue eyes hide everything I do?
Oh, Mariana wont you wash me away?
The truth is I'm a lie and I can't stay.

And that girl faints as I sink through the sea.
Fishing poles, they pass by,
But no one throws the line for me.
Then I cry out but the water fills my mouth.
And my adulterous ways,
They do nothing to help these waves

Oh, Mariana I've been searching for you.
May your blue eyes hide everything I do?
Oh, Mariana wont you wash me away?
The truth is I'm a lie and I can't stay.

Oh, Mariana I've been searching for you.
May your blue eyes hide everything I do?
Oh, Mariana wont you wash me away?
The truth is I'm a lie and I can't stay.
