Oh, emotion
Cause I would like to be one
Decide on me
If you'll try you'll see
Ooh

I know the feeling know it make me feel so mean
In time I think I'll know exactly what you need
I can't believe it's just another year to go so I, ooh I
I'll hold the match cause it seems right this time for me
In time I think I know it makes me feel so mean
I can't believe it's just another year to go
So I, ooh I

Oh, emotion
Cause I would like to be one
Decide on me
If you'll try, you'll see
Ooh

I know the feeling know it make me feel so mean
In time I think I'll know exactly what you need
I can't believe it's just another year to go so I, ooh I
I'll hold the match cause it seems right this time for me
In time I think I know it makes me feel so mean
I can't believe it's just another year to go
So I, ooh I

I know the feeling know it make me feel so mean
In time I think I'll know exactly what you need
