And I set down onto love
When you tell me that she stayed out, all alone
You tell me that she stayed out, all alone

Everyone's around, you stayed in tonight
It was right on time
He was just an old friend
I wasn't around, you stayed in tonight
It was just right time
He was just an old friend
Ooh ooh, ooh oh

And I set down onto love
When you tell me that she stayed out, all alone
You tell me that she stayed out, all alone

Uuh uuh uuh...

Everyone's around, you stayed in tonight
It was right on time
He was just an old friend
I wasn't around, you stayed in tonight
It was just right time
He was just an old friend
Ooh ooh, ooh oh
