Damn it feels good to be a lucrative  
To get cash by the stash and make moves like a  
fugitive  
Rep The L is what the movement is  
So when we throw it up that should let you know who it  
is  
Just looking back on the past  
Yeah we had a couple face lifts  
But nowadays everything is moving fast  
Since I made a new path  
Overnight, like a grave-shift  
So now I'm on 10 toes  
I'm calling up 10 hoes  
I know that our foes wanna see us fail  
But we can't see em like our brim low  
We colder than a window  
Word man I put that on the L  
Shout out to everybody repping it too  
And if you throwing it up that mean rapping for you  
We tellem cut it out with the goofiness  
Damn it feels good to be a lucrative

(Hook)  
Umm on the L, we dope as hell

All them girls, they know it well  
Built a boat and made it sail  
Now they reppin lucre, throwing up the L's

You know I remember, when we first started this shit ya  
feel me

Now we making everybody throw up the L's and shit

Got people repping Lucre heavy

And this just the beginning

Lucre is the label  
But basically what a lucrative is is somebody who bout  
they business  
That person who stand out no matter where you are

That person who's dedicated to whatever they do  
That person who stay fresh as hell

I see niggas fuckin with it now man but just wait til a  
few months from now

On the L man, straight up.
