Bitch get in  
Put em in the back with my homie friends  
Now we bout 6 deep, blowing in the wind  
This aint mine but I'm whipping like it is  
Donuts in the lot, now we whipping by the crib  
All my shit pop, you can hear it by the fizz  
When I roll up, bitch I'm feeling like I'm wizzzzzzz  
Hut 1, Hut 2, Hut 3, Hut 4  
Got em lined up like a big drum roll  
Gave em a lil taste now they want more  
We don't do it big we do it jumbo  
Yellow bones, red bones  
Darkskinned, mid tones

Got em by the flock, and we rolling like flintstones  
Barely underage yet I'm feeling like the kid grown  
Check ya girl phone I'm proly playin on the ringtone  
I got a question girl  
Is you rolling?  
Cuz you just walking round  
Like you patrolling  
I got a question girl  
Is you rolling?  
Cuz you just walking round  
Like you patrolling  
Trolling, trolling rolling rolling  
Zooming thru the lanes like I'm bowling, bowling  
holding motion  
Got the speakers sounding like da da da
