#### Verse 1

Some come  
Some go  
Round and round  
Merry go  
So where we go  
I seem to ask alot  
Thought it was me and you  
Until the casket dropped  
I used to brag alot  
Say that my shorty bad  
But now I'm over that  
Where the shorties at  
And I'm on so all the girls try to greet me man  
We shop leave with more bags than a sleepy man  
The shit is easy man  
Don't you leave your breezy man  
I'm spitting game but she claim that she don't really  
need a man  
But I got a deeper plan  
Lady let me take you out  
To my house  
Then I let u see what I'm all about  
That's when she laughed it off  
Said she heard about my past  
And all the chicks that I smashed  
But that she'll still let me pass  
So then I told like don't believe the tales  
Just believe in Cels  
And that's when a nigga fell, damn

#### (Chorus)

#### Verse 2

So now we kicking it more  
Its coming straight from the core  
Love everything from her pores  
Its like we take off and soar  
Feels like I been here before  
Aint tryna hurt her, then desert her

And make her heart feel sore  
Cuz I learned from mistakes  
Ima do whatever it takes  
To make the sake of our love run great  
Don't have to worry about the aches  
But then I fucked up and cheated on you....damn  
shame  
Its like my luck stuck and made me do the....same thing  
That I said that I wasnt  
But now I swear that I'm bugging  
I miss your kisses and touches  
But if you don't then fuck it  
Guess that's the end of discussion  
That's what I get for crushing  
Loving  
And loving something other than  
The one I'm in love with  
I made you hotter than ovens  
But if I stop all the fronting  
Stunting and reckless hunting  
then I'll be the one you'll be wanting  
I don't got time for the running  
See this the shit I'm confronting  
This how I feel in the stomach  
So lady tell me something
