

Chained "War Is Hate"

Women and children are all covered in blood
Innocent victims run for their lives
Bullets are piercing the smoke-filled air
Pains your body like a thousand knives
See them run, see them cry
Hear them beg for their lives
Pull the trigger first or be the first to die
No surrender, cry no tears
Killing the all, taking no prisoners
Show no mercy, feel no fear
(NO RETREAT, BOYS)
Atomic bombs, napalm rain
Genocide, human extinction
See the run, see them cry
Hear them beg, hear them die
WAR is not fair
WAR is not creed
WAR is not love
War is hate
WAR is not fair
WAR is not creed
WAR is not love
War is hate
