(Chorus)

Where do we go from here?

Where do we go from here?

(Verse)

Baby, I know you love me

Make me strong, don't make me weak

Give me that candy

Play with my mind

You're bringing me down

You're not making me strong

Know that you're wrong

Baby

And I won't be too long

(Chorus)

Where do we go from here?

Where do we go from here?

(Bridge)

Gotta make that change

We gotta all make the change

My brothers and my sisters

It's time to make this world a brighter place

For the generation to come

Can find love and peace

Won't be the last of it

So I'm gonna tell you over and over again

Brothers, sisters, let's sing to it

From the heart

Come on..

Come on!

(Chorus x2)

Where do we go from here?

Where do we go from here?
