I'm like a solemn rider on a lonely road
A heartless kid with no cross to bear
No one to care for, a heart that I cannot share
Something takes a hold of me like an oncoming storm
Knocks me straight off of my feet
I'm thinking twice and admitting my defeat

It's gonna be a long road but we'll make it through
'Cause when I close my eyes all I can see is you
And I find myself waking time after time
Knowing that my wildest dreams have come true
The day that I met you

I'm trapped lying flat on my back looking skyward
A soft breeze whispers sweet and sincere
Reminding me that I am still alive
A silhouette approaches from the evening sky
I lose myself in an angel's eyes
She takes my hand and together we take flight

It's gonna be a long road but we'll make it through
'Cause when I close my eyes all I can see is you
And I find myself waking time after time

Knowing that my wildest dreams have come true
The day that I met you

Oh, unstoppable
Like a whirlwind (Like a whirlwind)
Love's got his world turning upside down
Unquestionable
Like a whirlwind (Like a whirlwind)
Love conquers all

Oh, unstoppable
Like a whirlwind (Like a whirlwind)
Love's got his world turning upside down
Unquestionable
Like a whirlwind (Like a whirlwind)
Love conquers all

Oh, unstoppable

Like a whirlwind (Like a whirlwind)
Love's got his world turning upside down
Unquestionable
Like a whirlwind (Like a whirlwind)
Love conquers all
