Its the same old story
Just different lie
You at my door knocking
in the middle of the night

I'd give my heart to you
when I know all along
You'll take and throw it like a stone

(Chorus)
There's nowhere to fall here on the bottom
I've already gone off the deep end
Can't get the blues I've already got them
And you can't break my broken heart again

I got no hard feelings

Yah I'm good and numb
So play with my emotions
Cause baby I got none

What are you trying to prove
By stringing me along
Just so you can do me wrong

(Chorus)

I could let you in
Or I could shut you out
Either way you go you can't hurt me now

(Chorus)

You can't break my broken heart again
