Corry likes red wine
likes to sing until dawn
Jen sits in her chair
with her geetar, her long legs
and drunk face on
Oh, how they laugh
as they tell me their lies
but I've watched these girls
go through pain
that would make you cry

All this time that I waste
and I don't know why
and that waste turns to days
and those days drift by
All that I am
is somewhere inside
If there's one thing I've learned
No one gets out alive

If you could be anyone
you wanted to be
everything you could want
all you need
this is not about you
its all about me
If you could be anyone
Who would you be

Took Jessie back to rehab
its too soon to know
if she'll stay
I see her struggle
and its hard to watch
day after day
Tone's all alone

she's locked in her room
she hides from the demons
I know cuz they chase me too

All this time that I waste

and I don't know why
and that waste turns to days
and those days drift by
All that I am
is somewhere inside
If there's one thing I've learned
No one gets out alive

If you could be anyone
you wanted to be
everything you could want
all you need
this is not about you
its all about me
If you could be anyone
Who would you be

everything changes
take a look at the faces
there's one that you won't see again
Kev I miss you
and I hope that one day we'll see
until then rest in peace

If you could be anyone
you wanted to be
everything you could want
all you need
this is not about you
its all about me
If you could be anyone
Who would you be
