can you see when you look at me  
how I mentally undress you  
not a sound, we can't be found  
i know this excites you too  
don't turn around  
i'm right behind you  
Have to wait  
don't make me wait  
i don't wanna wait  
please don't make me wait

i don't wanna wait  
where can we go  
you look at me  
the way you smile its just

so Sweet  
you have it all  
when you look at me and say  
lets Go

can't relax need another blast  
I need to touch you  
what you say, all your little ways  
you are just so cool  
don't tease  
you know i need you  
Have to wait  
don't make me wait  
i don't wanna wait  
please don't make me wait
