I'm sitting here so still
my thoughts on only you
wishing you were here
time that's spent away
grows harder by the day
just a picture of you near

one look at your face
I find the words I should have said

one moment in time
that's all I see
one moment in time
you were here with me

this moment in time
don't want there to be
one moment in time
you're not here with me

I am yours and you are mine
the two of us can find
with each and every smile
the moment here is all we'll chase
capture and embrace
can't replace
one more day

sitting here so still
my thoughts on only you
