Don't leave me in the cold
I been left there before
this pattern's gettin old
I'm standing at your door

There's something here that's wrong
used to be so good and right
felt like we belonged
I'm standing at your door
and I'm wondering why

Do you really wanna tell me why
why you always sit around and cry
tell me that you really wanna try
or is it
time to say goodbye

something here thats gone
why try to carry on
didn't wanna see you cry
I'm standing at your door
and I'm wondering why

Do you really wanna tell me why
why you always sit around and cry
tell me that you really wanna try
or is it
time to say goodbye

Have I wasted all this time
is there really nothing left to say
your the hardest place I ever had to leave
make me wanna die
makes me wanna cry

Do you really wanna tell me why
or is it
time to say goodbye

Do you really wanna tell me why
why you always sit around and cry
tell me that you really wanna try

or is it
time to say goodbye
