I say it's all about you and you reply with the vice versa  
In the beggining I was like this might hurt ya  
Love is a strong thing, it can make you wanna die or  
make your heart sing  
Nothing compares to the joy you bring in me (bring in  
me)  
You can make a crippled man walk and a blind man see  
It's all about you and me  
I was blind to see that you were in love with me  
Gilrs flirtin' with me but you still stuck with me  
And didn't give a fuck with me  
If I needed it, you would give your blood to me  
This means you'll be mine 'til the end of time  
We gonna run, gonna shine in this life of mine  
It took me while to figure it out  
But you're the reason why I live my life no doubt

Chorus:

You're the only one who makes me feel this way  
I ain't got no time to waste  
Where I need to be is beside you  
I spent so many years tryin' to find you baby  
You baby.. hey ayee hey ayee

How you feel baby, now that we're havin' one?  
Yeah, they're tellin me our lives just begun  
I look forward to this new life as a daddy that can  
handle his son  
We're bout to have all kinds of fun  
You're a mother now, uh  
Who would have thought you'll ever be a mother, wow  
It's kinda crazy how things turn around  
We went from livin on a streets to beeing homeless  
downtown  
Now we're standing on our two feet, yeah  
Hail Mary, come with me  
My father's up in heaven watching over me  
Thanks for staying close to me  
In my heart I know that's where we're supposed to be  
With third heartbeat life's so complete, yeah  
And we can start a family, we can start a family...

Chorus:

You're the only one who makes me feel this way

I ain't got no time to waste

Where I need to be is beside you

I spent so many years tryin' to find you baby

You baby.. heyy ayee heyyy ayeee
