One pill makes you large
One pill makes you small
One pill makes you
An absolute know it all

Her words are made of glitter
She's a bullshitter
So they'll try to bait her

But of all the powers that I could possess
To make you love me for me that would be the best
But before I become that earnest
I would throw myself into the fiery furnace

Did she just say what I think she did?
Did she say she's the Cocknbullkid?
How are we to believe a word she says?

She's from the depths of Hades
Is it comedy or tragedy?
That we're never to believe a word she says

Please help me before I hurt myself
Are these imaginings of somebody else?
She's a narcissist
She's a self loather
Don't lose control of her

'Cause of all the powers that I could possess
To make you love me for me that would be the best
But before I become that honest
I would throw myself into the fiery furnace

Did she just say what I think she did?
Did she say she's the Cocknbullkid?
How are we to believe a word she says?

Sounds like a boy but she's a lady
Is it comedy or tragedy?
That we're never to believe a word she says

The mouth is a trap

Whatever I say I can't take back
Can't take back
The mouth is a trap
The mouth is a trap
The mouth is a trap

Did she just say what I think she did?
Did she say she's the Cocknbullkid?
How are we to believe a word she says?

Sounds like a boy but she's a lady
Is it comedy or tragedy?
That we're never to believe a word she says

She's from the depths of Hades
Is it comedy or tragedy?
That we're never to believe a word she says
