A pity party
Created by me
For you my love
For you the unloved

Invited everyone you knew
But no one came to see you
So here I am
Party of two

No one came around
You've lost all your friends
So just to spite you now
I'm staying 'til the end

Here's my pity dance
Performed to make you laugh
But really you should be
Sadder than you've ever been

And maybe in bad taste
I made you this pity cake
But don't make that face
Just be glad I came

'Cause no one came around
You've lost all your friends
So just to spite you now
I'm staying 'til the end

Happy birthday to you
Happy birthday to you
Happy birthday to you
I'm staying 'til the end

So it wasn't such a good year
But at least there's no one here
To ruin our party
This pity party

Satisfied in your solitude
No I don't believe

Make a wish and close your eyes
Another year is leaving you

Happy birthday to you
Happy birthday to you
Happy birthday to you
I'm staying 'til the end
