Last kiss goodbye, you're leaving me here tonight
Gotta pray I make it through the next few days
Until you're back again this long distance thing we're in
Gonna be a distant memory someday
So don't forget me on the highway

When you're driving down the road
Diggin' on your radio
Think of me cause don't you know
That I'll be missing you
Sing along with what you feel
Tappin' on the steering wheel
If you gotta be gone
Let me be your Cruising Song

Sun roof open wide, you and me on your mind
Cars passing by that you don't even see
Big smile all the way, blue sky no sign of rain
All we gotta get through is another week
And when that light turns green

You're driving down the road
Diggin' on your radio
Think of me cause don't you know
That I'll be missing you
Sing along with what you feel
Tappin' on the steering wheel
If you gotta be gone
Let me be your Cruising Song

When you're driving down the road
Diggin' on your radio
Think of me cause don't you know
That I'll be missing you
Sing along with what you feel
Tappin' on the steering wheel
If you gotta be gone
Let me be your Cruising Song

Come on baby
Let me be your Cruising Song

Let me be your Cruising Song
