I've been coming here half my life  
And I see her all the time  
It sure is hard to cowboy up  
And say what's on my mind

I get tongue tied a little zipper lipped  
And act to seriously  
But it's a whole different ball game  
When I get a couple in me

#### Chorus

That's when my mouth starts running like a draft tap  
And I'm professing my love to her over and over  
But I can't tell her till I have a little liquid confidence  
But I mean what I say and I say what I mean  
Though I say it with a slight slur  
I love her and it's not just the beer talking

#### Verse 2

She knows right around a pint or two  
I'll probably come sliding up  
And give her an earful of I love you's  
Until she's heard enough

I'll tell her it's not just temporary  
And I want us to last  
She thinks they're words  
And not much more  
spoken through an empty glass

That's when my mouth starts running like a draft tap  
And I'm professing my love to her over and over  
But I can't tell her till I have a little liquid confidence  
But I mean what I say and I say what I mean  
Though I say it with a slight slur  
I love her and it's not just the beer talking  
Not just the beer talking  
Not just the mouth on the long necked bottle  
Not just the beer talking no sir I love her  
And it's not just the beer talkin'

chorus X1

Bridge

In the sober light of day  
Every single word I say  
Is gonna come out crystal clear  
And in our golden years

Chorus 3

My mouth will still be running like a draft tap  
I'll be professing my love to her over and over  
I'll still tell her when I have a little liquid confidence  
And I'll mean what I say and I'll say what I mean  
Though I'll say it with a slight slur  
I love her and it's not just the beer talking  
Not just the beer talking  
Not just the mouth on the long necked bottle  
Not just the beer talking no sir I love her  
And it's not just the beer talkin'
