They nailed me to the cross
Next to Jesus Christ
A man climbed up to me
And stared into my glaring eyes
"You'll end up on this cross
And I will have much fun!"
I spat him in his fucking face
And stared up to the sun

My mad life was punished
But my spirit will take revenge
My mad life was punished
But my spirit will take revenge

My eyes began to burn
Drying in the heat
When suddenly an angel came
And stroked my body from head to feet
She pulled the nails out of the cross
And caught me as I fell

She held my bruised and bloody hands
But it was too late

My mad life was punished
But my spirit will take revenge
My mad life was punished
But my spirit will take revenge

They carried me to my vault
Followed by an angel weeping
They laid me down in a hole
Where I would be forever sleeping
The last thing that I thought I saw
Were pale blue eyes filled with pain
The branch that stuck deep in her heart
Drowned the world in a crimson stain

My mad life was punished
But my spirit will take revenge
My mad life was punished
But my spirit will take revenge
