Never as sheltered
As the time before birth
All innocent souls
Are buried on earth
A guardian angel
Escorted me for some time
Then he escaped
Despaired of his hard line

And I'm going insane
I'm going insane
All the time
All the time
I'm going insane

An overcrowded elevator
Which is standing still
A vampire's kiss
That gave me a thrill
Malicious faces on my flight
On an X-ray
I'm asked stupid questions

Every day

And I'm going insane
I'm going insane
All the time
All the time
I'm going insane

Me on my own planet
Exhausted from laughing
Always surrounded
By an invisible sun
Staring out for black holes
Devouring last fun
My life in range
Of a loaded gun

And I'm going insane
I'm going insane

All the time
All the time
I'm going insane
